(a) The term *indirect charges*, refers to Leave Allowances and Capitalization of Abatement of Land Revenue. Interest is charged in a separate column. In the case of old works for which the estimates do not exist, the actual outlay by the British Government is taken as cost of construction. In cases where the charges for establishment and tools and plant were omitted from the estimate, these have been added.

IRRIGATION WORKS, the CAPITAL OUTLAY thereon, the REVENUE derived therefrom, the respect of those WORKS, and the FINANCIAL RESULTS.

(*a*) The term *indirect charges* refers to Leave Allowances and Capitalization of Abatement of Land Revenue. Interest is charged in a separate column. In the case of old works for which the estimates do not exist, the actual outlay by the British Government is taken as cost of construction. In cases where the charges for establishment and tools and plant were omitted from the estimate, these have been added.

(*a*) The term *indirect charges* refers to Leave Allowances and Capitalization of Abatement of Land Revenue. Interest is charged in a separate column. In the case of old works for which the estimates do not exist, the actual outlay by the British Government is taken as cost of construction. In cases where the charges for establishment and tools and plant were omitted from the estimate, these have been added.
